## METAL REVIEW FROM DENVER

Its Associated Press

SAN FRANCISCO, Aug. 24.—Fanny Durack and Mina Wylie the Australian world's champion swimmers, who recently left Chicago to participate in swimming meets in many parts of the country, tried for two years to arrange the tour they have at last started.

The unsuccessful attempt of William Cunnack in 1917 to obtain authorization of the Amateur Athletic Union for the trip, was duplicated this year by George Dowling, whose proposal to accompany the young women as guardian and manager failed of approval. Fears were expressed lest an attempt should be made to capitalize the talents of the swimmers. The tour finally was arranged through the efforts of Frederick Rubien, after much correspondence and telegraphing to New York.

Prior to their final appearances in the United States at Portland, Ore., and Seattle, Wash., it was announced the swimmers will participate in a national event at Alameda across the bay from San Francisco and at Los Angeles, Calif.

Miss Durack has held all women's swimming records from 50 yards to the mile. Her record for the 50 yards has been tied by Olga Dorfner at 29 seconds. She has a record of 49 4/5 seconds, a half-second better than the best American record for 75 yards. Her other records are 100 yards, 1:06; 200 yards, 2:57; quarter mile, 5:47; half mile, 12:24; mile, 26:08.

The record for the 100 yard breast stroke, 1:28, is held by Mina Wylie. She is a former holder of the records for the 50, 100, 200 and 400 yards, free style, and now holds only a whisper behind Miss Durack.

Why is it that there is so much activity among our citizens during the green corn season?

### HAVING A GREAT TIME INN THE WILDS OF JERSEY

Arthur G. Raycraft writes from the Waldorf Astoria, New York City that he is having a great time with nothing to do but to spend about ten hours a day shooting at the targets of the National Rifle Association down in New Jersey, and fighting mosquitoes. He adds "I mention this in case you find any fellow who says there are no mosquitoes in Jersey." The writer also referred to the great work accomplished at the targets by Wheeler of Nevada.

Mrs. Raycraft accompanied her husband on the eastern trip.
